IMPORTANT! PATTERN NOTES
- Pattern is written in US terminology.
- Work ch1 at the beginning of sc rounds. This doesn't count as a stitch.
- The ch2 at beginning of row counts as a space not a stitch.
- The ch2 forming the corner is not included in the stitch count.
- To make counting easier you will only count the sc's. All sc's will be made in the chain spaces of the previous row.
- Row 1 – 100 will each have 100 sc's, thereafter you will decrease 1 sc per row.
- Colour changes are indicated on the chart; finish the last st of the row and then pull up new the new colour.
- All stitch counts and colour changes are in a chart at the end of this pattern.
